

POSITION TITLE: CNC Turning Operator

Shift: 2nd and 3rd

Openings: several

Applicant Requirements:

Prefer candidates with one or more years' experience as a CNC lathe or machining center operator, self-motivated, demonstrate strong mechanical aptitude, outstanding attendance record, and enjoy a fast-paced work environment. Must possess an innate drive to excel, and be able to work a 2nd or 3rd shift position. Must be able to work weekend overtime as required.

- Good math skills
- Having experience using measuring tools such as drop indicators, dial bore gauges, plug gauges and calipers.
- Able to work in a fast paced environment running multiple production lines.
- Willing to perform light preventative maintenance on equipment during the shift.
- Must be able to lift 12-20 lbs. on a regular basis for an 8-12 hour period.
- Must be able to stand for an entire 8-12 hour shift.

Job Expectations:

Machine Operations – Check specs, load/unload production lines, use measurement tools, 100% manual inspection of parts, and change/adjust production tooling, completion of production paperwork. Additional Duties – Daily preventative maintenance, remove and dispose of chips/shavings, replenish fluids/lubricants, and 5S cleaning responsibilities.
