### Job Summary:

Are you interested in a career in Manufacturing? Are you a dependable team player, looking for a new opportunity with a growth-oriented company? If you answered yes to these questions, apply now and join our Team.

The Box Maker Machine Operator manufactures packaging cartons for daily production needs, works with other teams to design and create carton samples, ensuring boxes are readily available for all finished goods.

### Candidate Profile:

- Strong organizational skills, interpersonal and communication skills
- Must be self-motivated, a team player with the ability to work independently in a multi-task environment.
- Spatial awareness – ability to assess product and recommend packaging dimensions
- Ability to accurately use basic hand tools and measurement tools.
- Knowledge of production/quality standards and assembly procedures/processes, inventory control and warehouse procedures.
- Ability to operate forklift (stand-up, order picker, power walker) and scanner gun.
- Ability to communicate well with other departments and share ideas or concerns.

### Competencies & Considerations:

#### Competencies:

1. Results Orientation – Stays the course, from start to finish and demonstrates a persistent bias for action.
2. Interpersonal Skills – is assertive while showing respect and positive regard for others.
3. Innovation - Is willing to explore new possibilities and to approach issues in unique ways
4. Functional /Technical Skills – has the functional and technical knowledge and skills to do the job at a high level of accomplishment.

#### Considerations:

- Minimum High School Diploma and/ or GED (Required)
- Foodservice manufacturing industry (Preferred)
- Forklift Certification (Required – will train right candidate)
- Computer knowledge (use of keyboard, mouse, internet), QAD, MRP systems
